| U.S. DEPARTMENT OF COMMERCE | Create streamlined process to ensure appropriate funding opportunities reach AAPI communities. | Enhance marketing strategies to broadcast funding notices to the AAPI community. MBDA is committed to assisting EDA in creating a more robust outreach structure to AAPI stakeholders throughout the country. | By December 2012, MBDA and EDA to evaluate effectiveness of its AAPI marketing/outreach plan in increasing number of AAPI grant applicants. | MBDA has on-going discussion with national organization such as the JACL, USPAAC, OCA-National, and the newly created ACE. We also work with local government agencies such as DC Mayor's office for AAPI and Chicago Mayor's Office of New Americans. MBDA also has conducted seminars with local advocacy groups such as Asian American Coalition of Chicago, OCA-Chicago, Chinatown Chamber of Commerce, Korea Association of Illinois, and Virginia Asian American Chamber. MBDA also leverages our Asian American operators for our business centers, Michael Chan and Dan Sieu to support our outreach effort. | EDA has added the Asian-American Multi-Technology Association and the National Council of Asian-American Businesses Association to its email distribution list. They will be getting invited to a new series of EDA webinars with the National Association of Development Organizations that begins in April 2013. This series is designed to educate stakeholders on EDA-funded economic development tools and research. |
| U.S. DEPARTMENT OF COMMERCE | Create streamlined process to ensure appropriate funding opportunities reach AAPI communities. | Develop national partnership program that includes community-based AAPI and NHPI organizations. | By December 2013, MBDA and EDA to identify and conduct outreach to 2-3 AAPI advocacy groups offering webinar/training expertise to educate the community on grant opportunities. | in progress | |
| U.S. DEPARTMENT OF COMMERCE | Improve access and increase technical assistance and outreach to Commerce programs to better serve AAPI populations. | Develop technical assistance plans for AAPIs involving grant writing webinars/training to improve quality and quantity of AAPI grant applications. | MBDA will collaborate with SBA to prepare webinars designed to address technical assistance and capability development for AAPI stakeholders. Webinars may include workshops on how to respond to a RFP. | MBDA & SBA now have a joint newsletter to provide technical assistance to minority businesses. See http://www.mbda.gov/node/1683 for a sample. | |
| DEPARTMENT OF DEFENSE | Increase AAPI small business awareness of DoD contracting opportunities | Develop tools for use by AAPI small businesses | By September 15, 2013, implement translation on website for fact sheets | On target for implementation by September 15, 2013. DoD's Office of Small Business Programs (OSBP) also continues to work with the AAPI Initiative and the small business offices of the Defense agencies to increase awareness of contracting opportunities. | |
| DEPARTMENT OF DEFENSE | Increase DoD staff awareness of capabilities of AAPI small businesses | Develop market research tools to assist DoD staff in finding procurement opportunities for AAPI small businesses | By September 15, 2013, complete initial phase of development for online market research tools | DoD is developing the first phase of the Market Research Center of Excellence, which is on track to be completed by September 15, 2013. | |
| DEPARTMENT OF EDUCATION | Clarify the definition of AANAPISIs. | Convene a work group to clarify and strengthen OCR website with language indicating that AANAPISIs are MSIs. | By December 2012, convene work group. | Workgroup has convened to strengthen OCR website language; implementation delayed until turnover of OPE Asst. Secretary is complete in spring 2013. | |
| DEPARTMENT OF EDUCATION | Increase access for AANAPISIs to other sources of funding. | Conduct an outreach campaign to AANAPISIs and other federal agencies that have MSI programs. Review, and revise if appropriate, OCR's website. | By January 2013, conduct outreach and coordinate efforts with other federal agencies with MSI programs. | Activities will begin as soon as OCR language is clarified. | |

| DEPARTMENT OF EDUCATION | Increase awareness of AANAPISIs within Federal agencies who can provide support to AANAPISIs. | Visit federal agencies and departments to increase awareness about AANAPISIs. | By December 2013, visit all federal agencies with MSI programs and conduct briefings on AANAPISIs and the AAPI community. In addition, obtain information from agencies on available programs that assist MSIs. | Hosted White House Summit for MSIs to better coordinate efforts among AANAPISI, HBCU, TCU, HSI (January 2013); briefed AANAPISI directors on WHIAAPI's educational priorities at Higher Education Programs Project Directors Meeting, and hosted post-briefing reception to connect federal agency reps with AANAPISI directors (March 2013); developed motion graphic display to educate government partners, students, parents, and the public about AANAPISIs (March 2013); met with AANAPISI reps at DOE; NASA; ED; USDA; State re capacity building and TA webinars; recruiting federal agency reps to attend town hall for AANAPISI reps as part of APIASF Summit (June 2013). | |
| DEPARTMENT OF EDUCATION | Increase awareness of AANAPISIs and AAPI community with philanthropic partners. | Host a briefing for foundations and leaders of AANAPISIs focused on education issues and the AAPI community. | By Fall 2013, host a briefing. | Organizing a convening scheduled for June 7, 2013 on data disaggregation to educate stakeholders, including philanthropic partners, about data disaggregation. | |
| DEPARTMENT OF EDUCATION | Increase awareness of inter-agency place-based grants and partnership opportunities among AAPI community and AANAPISIs. | (1) Conduct analysis of current White House Neighborhood Revitalization Initiative (NRI) grantees mapped against neighborhoods with high concentration of AAPIs; and (2) develop strategic outreach plan about NRI grant programs and grantees in those communities that are identified in the overlap mapping analysis. | By January 2012, complete mapping of NRI grantees against neighborhoods with high concentrations of AAPIs and/or AANAPISIs. By March 2012, develop preliminary strategic outreach plans to those communities and/or AANAPISIs to increase awareness of NRI grants and activities. | Mapping of current grantees completed and being verified by NRI team. Development on strategic outreach plans for future grant opportunities extended to June 2013 in order to align with reorganization of NRI activities and the launch of the new inter-agency "Ladders of Opportunities" agenda which aims to "comprehensively address the needs of children in the most underserved communities." | |
| DEPARTMENT OF EDUCATION | Increase the number of AAPI teachers in schools as well as train existing teachers to work with the language needs of the AAPI community. | Promote specific training for pre-service and in-service teachers working with English Learners through OELA's National Professional Development (NPD) grant program. | By the next NPD competition (tentatively scheduled for FY15), OELA will reach out to MSIs to inform them of the grant opportunity and encourage applicants. AANAPISIs will be included in the outreach. | No current activities underway as the next NPD competition is not scheduled until 2015 with new grants expected to be awarded in 2016. | |
| DEPARTMENT OF EDUCATION | Create support system to ensure programs and department news is being distributed to the AAPI community. In addition, create a mechanism to ensure that AAPI community has a point of contact to provide feedback. | Designate an ED OCO principal point of contact to the AAPI community. | Target - By May 2013, OCO to designate an employee with the AAPI portfolio to manage outreach and feedback. | Benchmark already achieved. In February 2013, OCO designated an employee with the AAPI portfolio who is now a member of the ED WHIAAPI team and will manage the AAPI outreach and feedback. | |
| DEPARTMENT OF ENERGY | Increase outreach to AAPI small business owners on DOE and DOE-related contracts. | Build additional partnerships with AAPI business associations that currently participate in activities of the US Pan Asian Chamber of Commerce. | Target 1: By December 2013, partner with additional AAPI business organizations. Target 2: By December 2013, conduct multiple outreach events with AAPI business organizations in related metropolitan areas. | We are working with the U.S. Pan Asian American Chamber of Commerce (USPAACC) to co-host a Business Opportunity Session (BOS) at DOE Head Quarters. | |
| DEPARTMENT OF ENERGY | Increase outreach to AAPI small business owners on DOE and DOE-related contracts. | Concentrate on expanding outreach to AAPI concentrated populations where DOE field offices exist. This may include workshops, webinars, conference calls, etc. | Target 1: Map the AAPI small business population and overlay it with DOE funding to small businesses. Target 2: By December 2013, increase the number of DOE and DOE-related contracts applicants from AAPI small business owners. | The OSDBU made plans to participate as a speaker in a AAPI webinar that was hosted by Adil Kabini of the White House Office of Public Engagement (WHOPE) on February 25, 2013. However, due to reductions in spending at sequestration levels associated with the Budget Control Act of 2011, the WHOPE cancelled the webinar. | |

| DEPARTMENT OF ENERGY | Create streamlined process to ensure appropriate funding opportunities reach the AAPI community. | List funding sources available to AAPI community. | By December 2013, create resource list to deliver to multiple community organizations and stakeholders to clarify funding sources. | Baselines are being compiled for small business, educational, workforce, and for other benefits provided by DOE to the AAPI community. | |
| DEPARTMENT OF ENERGY | Create streamlined process to ensure appropriate funding opportunities reach the AAPI community. | Develop metrics to measure participation of AAPIs to DOE programs. | By December 2013, establish baseline AAPI participation rates on DOE programs and measure progress annually. | The OSDBU has identified these barriers associated with partnering with the DOE at the prime and subcontract levels: (1) Patent Infringement because DOE's work to a large extent is R&D; (2) "Q" level top secret security clearance. The "Q" level clearance is unique to the DOE because of DOE's legacy in nuclear warhead research; (3) Safety plans for every level of contract. For example, a individual safety plan is required for the prime contractor and every level (tier) of subcontract; (4) Several sites undergoing remediation may be hazardous because of residual radio-active material; (5) Construction Bonds -- The DOE does not have a surety program for small businesses to obtain construction bonds (ref. FAR 28.00). | |
| DEPARTMENT OF ENERGY | Create streamlined process to ensure appropriate funding opportunities reach the AAPI community. | Conduct assessment of barriers that prevent AAPI businesses and organizations from applying for grants or accessing DOE's programs. | By December 2013, publish results of assessment and come up with a strategic plan to overcome the barriers that prevent AAPI businesses and organizations from applying for grants or accessing DOE's programs. | Develop a scorecard (based on data reported in the MEA) to hold program offices accountable for planned and actual funding goals to minority serving institutions. | |
| DEPARTMENT OF ENERGY | Increase capacity to conduct more reliable data collection. | Identify methods to enhance current data collection methods. Work with federal partners and appropriate community organizations. | By December 2013, develop metrics to track minority participation in funding programs. | The Office of Economic Impact and Diversity connected with the White House AAPI Initiative to exchange communications resources, and trained their staff on using Google+ for public engagement (March 2013). The Office of Economic Impact and Diversity created an email listserve for AAPI Institutions, adding points of contact at AAPI Institutions to receive news about educational programs. Information has been shared about programs including the DISTANCE Solar FOA from EERE, Energy 101 and Energy Literacy fundamentals, and more. (January 2013) | |
| DEPARTMENT OF ENERGY | Establish public-private partnerships with foundation or private entity around DOE programs. | Reach out to foundations or private entities around DOE programs. | By December 2013, partner with multiple foundations and/or private entities around DOE programs. | In Progress | |
| DEPARTMENT OF ENERGY | Include social inclusion language in grant applications. | Partner with community-based organizations that target underserved AAPI populations by offering smaller grant sizes. | By December 2013, partner with multiple community-based organizations that target underserved AAPI populations offering smaller grant sizes. | In Progress | |

| DEPARTMENT OF HEALTH AND HUMAN SERVICES | Ensure greater inclusion of AANHPI populations in grant opportunities where feasible and appropriate. | Identify programmatic opportunities where social inclusion language would be appropriate and beneficial to diverse populations. | By 12/2014 grant program identified and social inclusion language is added to grant opportunities where feasible and appropriate. | In response to the request from the HHS Action Plan to Reduce Racial and Ethnic Health Disparities to develop disparity impact statements (DIS) in grants, Substance Abuse and Mental Health Services Administration (SAMHSA) developed a data-driven strategy to examine disparities in access, service use, and outcomes in grant programs. In FY 2012, the strategy was incorporated into four programs. Applications in this pilot program showed an improved focus on disparities. This strategy for implementing the DIS was expanded to all new SAMHSA grants in FY 2013. In 2012, the National Institutes of Health (NIH) revised the standard language for eligible Higher Education Institutions for all NIH research funding opportunity announcements (FOAs) to include Asian American, Native American, and Pacific Islander Serving Institutions (AANAPISIs). Between October 1, 2012, and March 29, 2013, there are 80 FOAs containing the revised eligibility information to encourage AANAPISIs to apply for research opportunities, building research capacity, and training. | |
| DEPARTMENT OF HEALTH AND HUMAN SERVICES | Collaborate with leading organizations to educate AANHPI populations about the benefits of the Affordable Care Act. | Begin a series of technical assistance (TA) webinar training on programs with AANHPI community-based organizations and health care professionals (train-the-trainer workshops) to enhance outreach and education on the Affordable Care Act. | By 12/2013, a minimum of 10 webinars or in-person TA meetings will be conducted to AANHPI serving organizations and health care professionals. | Centers for Medicare & Medicaid Services (CMS), in collaboration with Asian Pacific Islander American Health Forum, are working on developing the TA webinars. | |
| DEPARTMENT OF HEALTH AND HUMAN SERVICES | Strengthen the capacity of U.S. Associated Pacific Island jurisdictions health agencies and community health organizations to manage federal grants. | Conduct an environmental scan of available TA/training and coordinate efforts in the Pacific to build capacity (i.e., support for organizational and economical development). | By 12/2013 technical assistance and/or training efforts are identified and expanded. | Health Resources and Services Administration (HRSA) hosted a grants management technical assistance call. HRSA implemented a toll line to improve access to grant opportunities for the USAPI. Five USAPI organizations attended this training. | |
| DEPARTMENT OF HEALTH AND HUMAN SERVICES | Increase the capacity of Hawaii Department of Health to incorporate geographic information systems (GIS) mapping of chronic disease incidence and prevalence and documentation of food deserts and food insecurity for underserved Asian Americans, Native Hawaiians, and Pacific Islander populations. | Provide support for collaboration and utilization of GIS to inform policy development and community engagement. | By 12/2014 strategies identified to support State efforts to create GIS programs specifically focused on chronic disease at the State Department of Health (DOH). | no updates | |
| DEPARTMENT OF HEALTH AND HUMAN SERVICES | Expand the reach of the Supplemental Nutrition Assistance Program (SNAP) and school lunch program to better serve Hawaii's eligible AANHPI population to increase access to healthy foods and prevent childhood obesity. | Determine ways to expand the reach of SNAP and the school lunch program in Hawaii to eligible AANHPI communities and provide vouchers to be used at farmers' markets and other venues which promote easier access to healthful food. Support a program at the DOH to coordinate this effort. | By 12/2014 voucher system identified to expand program to include eligible underserved AANHPI population. | no updates | |

| DEPARTMENT OF HEALTH AND HUMAN SERVICES | Improve coordination of obesity prevention efforts of the Hawaii Department of Health targeting the Native Hawaiian population through an inter-sectoral approach. | Amend the Request for Proposals (RFP) process to include collaboration between smaller community-based organizations and the state health department. Complete health impact assessments (HIAs) for all identified medically underserved areas (MUAs) in the state of Hawaii. | By 12/2014, complete HIAs for the 18 designated MUAs in Hawaii within the year. Draft policy recommendations and tool-kits for each area based upon results of findings. | no updates | |
| DEPARTMENT OF HEALTH AND HUMAN SERVICES | Support USAPI population health and healthcare system partnerships/networks working to reduce the burden of chronic disease. | Continue support for development and use of computer based Chronic Disease Electronic Management System (CDEMS) among USAPI healthcare systems. CDEMS is a flexible database for tracking any chronic condition and can easily be adapted to the unique needs of the USAPI. CDEMS provides consistent and standardized organization of patient/population data to help monitor and track chronic disease. An additional strategy includes the establishment of a USAPI regional-based CDEMS support network that provides training, technical assistance and trouble-shooting for participating jurisdictions. | <p>Target 1: By 12/2014: 1. At least three U.S.-Affiliated Pacific Islands (USAPI) healthcare systems with CDEMS operational; with at least 75% of known patients with diabetes fully registered within the system.</p> <p>Target 2: CDEMS support network functional within region as evidenced by technical assistance team documentation and reporting.</p> <p>Target 3: Completion of at least one demonstration project that provides training and support for data extraction between an electronic medical record system and CDEMS data interfaces (American Samoa and VA system VISTA).</p> <p>Target 4: Support USAPI directed projects funded to help support prevention or delay of diabetes related amputations (i.e., funding and support for resource needs related to training, prevention related supplies, community outreach). Outcomes include at least a 10% reduction in lower extremity foot ulcers/amputations in people with diabetes from baseline measure (using CDEMS or similar surveillance system).</p> | <p>1. The electronic registry for known diabetes patients is anticipated to be operational in at least three USAPI health centers by December 2013.</p> <p>2. USAPI local leadership is actively engaged in providing technical assistance for electronic clinical management system used to track clinical indicators for diabetes and other chronic diseases.</p> <p>3. HHS will continue to explore opportunities for possible demonstration projects.</p> <p>4. There are continuing programmatic efforts in Majuro, Republic of Marshall Islands to build capacity for non-communicable diseases (NCD) prevention outreach and amputation prevention. The Pacific Fleet from the Department of Defense, in partnership with CDC, is planning to provide direct technical assistance in the summer of 2013.</p> | |
| DEPARTMENT OF HEALTH AND HUMAN SERVICES | Support regional USAPI population health surveillance efforts that define the burden of diabetes and TB. | Link with ongoing efforts to reduce the burden of diabetes and TB comorbidity within the USAPI. | <p>Target 1: By 12/2014: 1. Develop the CDEMS TB and diabetes surveillance system interface for at least three of the six USAPI jurisdictions government health care systems.</p> <p>Target 2: Increase the number of people screened for both diabetes and TB by 10% above baseline in at least three USAPI jurisdictions (measured through the CDEMS and existing DTBE EpiAnywhere tracking system).</p> <p>Target 3: Improve access to resources, training, and support for TB and diabetes screening as evidenced by Pacific Islanders TB Controllers Association (PITCA) and Pacific Chronic Disease Coalition (PCDC) reports, technical assistance documentation, and training schedules.</p> | As an ongoing surveillance effort to monitor diabetes and TB, CDC is developing a web-based surveillance system that includes tracking of diabetes screening for all TB patients. | |
| DEPARTMENT OF HEALTH AND HUMAN SERVICES | Continue successful data submission from Pacific Regional Central Cancer Registry (PRCCR). In June, the PRCCR submitted data successfully for the first time with the latest call for data. | CDC to continue to provide technical support for PRCCR. | By 12/2014, schedule deadlines for regular data submission by PRCCR. | CDC continues to provide technical assistance to PRCCR to successfully submit data. This is an ongoing effort. | |

| DEPARTMENT OF HOMELAND SECURITY | Increase immigrant public education and awareness opportunities. | Expand AAPI-specific immigration outreach resources. | By the end of FY 2013, DHS will expand its pilot immigration and citizenship engagement program by holding two additional AAPI-focused events on citizenship and immigration topics, in two new geographic locations and with one additional Asian language. | no updates | |
| DEPARTMENT OF HOMELAND SECURITY | Ensure that appropriate funding opportunities serve AAPI communities. | Develop language to promote engaging diverse communities, including AAPIs, in appropriate DHS grant opportunities. | By the end of FY 2013, the Homeland Security Grant Program and other disaster related grants will include language on engaging diverse communities, including AAPIs, in grant opportunities. | no updates | |
| DEPARTMENT OF HOMELAND SECURITY | Decrease complaints of unfair scrutiny during security checks. | Increase the AAPI community's access to redress mechanisms. | Target 1: By Spring 2013, hold two educational briefings to the AAPI community (national and local organizations) on redress mechanisms. Target 2: By the end of FY 2013, report on progress to improve access to complaint hotlines for LEP populations, including AAPI populations. | no updates | |
| DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT | Increase AAPI access to funding. | Continue to develop an enhanced outreach model for creating awareness about HUD programs and funding opportunities by working with community leaders, community organizations, WHIAAPI Initiative, the Congressional Asian Pacific American Caucus and the Tri-Caucus. | Target 1 – Hold a series of webinars on HUD grant programs across the various departments. The series plans to include information CPD, PIH, Housing and Fair Housing programs. Target 2 – Continue to build list of AAPI stakeholders through webinars by leveraging current partnerships with CAPAC, WHIAAPI and OPE. Target 3--Share the AAPI stakeholder list with the Center for Faith Based and Community Partnerships so these groups can be included in the grant-writing workshops they conduct throughout the country. | HUD has actively participated in the various forums and webcasts sponsored by the White House AAPI Initiative and the White House Office of Public Engagement. We have included AAPI stakeholders groups in the various HUD webinars conducted by the program offices. Our senior team has participated in various conferences, meetings and conference calls with AAPI-related groups. | |
| DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT | Establish public-private partnerships with foundations or private entities around HUD programs. | Develop a sustained strategy to connect private foundations and private entities to AAPI communities in targeted cities with large AAPI populations: 1) Greater Washington DC; 2) New York/New Jersey; 3) San Francisco Bay area; 4) Long Beach/Los Angeles; 5) Minneapolis/St. Paul | Target 1- Support the efforts of the WHAAPI Initiative after the Briefing with the AAPI and Philanthropic Communities to help identify areas for the philanthropic community to leverage federal investments to better serve AAPI communities in the targeted metropolitan areas. | In discussion with the National Coalition of Asian Pacific American Community Development (CAPACD) and HUD's Community Planning and Development to support CAPACD's efforts to enlist HUD's help in convening private foundations to discuss public/private partnerships. | |
| DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT | Increase AAPI understanding of key housing and community development programs | Create AAPI community/non-profit toolkits, available in AAPI languages which can be posted on the HUD website and disseminated through WHAAPI Initiative and the AAPI liaison at the White House Office of Public Engagement. Will promote availability of the toolkits to the HUD staff at HQ and field offices so they can help disseminate locally. | Target 1- Develop translated toolkits for key HUD programs <ul style="list-style-type: none"> • Healthy Homes • First Time Homebuyers • Rental Assistance • Foreclosure Prevention Toolkits will include available AAPI HUD data, one pagers on programs, key contacts and recent news. Release toolkit with WHIAAPI, CAPAC and other stakeholders by summer of 2013. Target 2- Consult with the WHAAPI Initiative Commission and other AAPI organizations to help identify key HUD programs that impact AAPIs to add to the toolkits list. | Discussions with the National Virtual Translation Center to provide translations services are ongoing. Once translation services are obtained, work can begin on identifying consumer-oriented materials for translation. | |

| DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT | Include social inclusion language in grant applications | Using the "inclusionary language" in the grants for the Office of Sustainable Housing and Communities, explore how this language can be part of the NOFA for HUD discretionary grants. | Target 1 – Work with the Office of Departmental Grants Management and Oversight to explore opportunities for social inclusion language in HUD Discretionary NOFAs; Target 2- Conduct meetings with HUD program offices on their funding forecasts and the ability to carve out grants for smaller constituency organizations and identify obstacles or challenges to this effort.; Target 3 – Identify program offices who have the ability to pilot social inclusion language or carve out smaller grants for underserved populations. Target 4 – Implement the pilot with program offices. Target 5- Establish a sub working group on social inclusion language for place-based initiatives and other competitive grants. Target 6- Host a joint call with Grants.gov for affiliate and smaller organizations on the ground to determine perceived barriers to accessing HUD funding. | HUD is exploring opportunities with the Office of Strategic Planning and Management (which has oversight of departmental grants processes) on ways to offer additional guidance to program offices on inclusion and meaningful involvement in discretionary funding opportunities. This work is being done in collaboration with HUD's commitments in its Departmental Environmental Justice (EJ) strategy. | |
| DEPARTMENT OF LABOR | Create streamlined process to ensure appropriate funding opportunities reach AAPI communities. | OSHA to commit to include nail salon health & safety work as a targeted topic for Susan Harwood Grants. | By May 2013, include nail and hair salon hazards as a targeted topic for future Harwood grants awarded for FY 2013. | OSHA has awarded more than \$500,000 in Harwood grants for this year to organizations that provide training and resources in Korean and Vietnamese to hair and nail salon workers. | |
| DEPARTMENT OF LABOR | Create streamlined process to ensure appropriate funding opportunities reach AAPI communities. | Determine whether AAPI population is proportionately served by DOL-funded programs. | By April 2013, overlay map of AAPI population with DOL-funded programs. | In progress. Deliverable expected in August 2013. | |
| DEPARTMENT OF LABOR | Partner with Asian American Native American Pacific Islanders Serving Institutions (AANAPISIs). | Develop partnerships with AAPI serving entities to increase AAPI access to DOL grants and programs. | By May 2013, assess how DOL sub-agencies can increase AAPI populations' access to their grants and/or programs. | ASP assessment is in progress. Deliverable expected in June 2013. ETA representatives attended the January 2013 Federal Summit for Minority Serving Institutions (MSIs) to learn more about the important role MSIs play in meeting the President's 2020 goal, and to leverage current federal resources and services for these institutions. In March 2013, Assistant Secretary Oates met with meet with members of the Guam Legislature to discuss how they could best maximize their WIA resources and Job Corps. | ETA's Regional Administrator brought together Hawaii grantees for a series of meetings to encourage them to work collaboratively and shift their thoughts about DOL granting as separate grants to all being aligned around shared goals. With the assistance of DOL's Office of Public Engagement, ETA sent announcements of over \$1 billion in funding opportunities from 11 upcoming to grant competitions to 400 leaders of the AAPI community, including elected officials, advocates, and leaders of community organizations. |
| DEPARTMENT OF LABOR | Partner with Asian American Native American Pacific Islanders Serving Institutions (AANAPISIs). | Establish and continue to maintain relationships with various AAPI worker advocacy groups and business associations throughout the country. | FY 2013 and beyond. | | |
