25th Anniversary
Fulfilling America’s Future

ANNIVERSARY YEAR OF ACTION

- **Commitments to Action**
  - Seeking Commitments by private and public sectors to invest in programs and strategies aimed at increasing educational outcomes and opportunities for Hispanic students.

- **Outreach and Engagement**
  - Events across the country that gather stakeholders and highlight educational progress of the Hispanic community.
  - Leveraging *Bright Spots in Hispanic Education* to encourage collaboration between stakeholders focused on similar issues.

- **National Blueprint on Education for Hispanics**
  - Will highlight major educational accomplishments and trends and identify gaps and challenges for Latinos since 1990, outline federal government efforts that have informed and impacted education for Latinos and provide policy recommendations to address the Hispanic community’s current educational needs.
COMMITMENTS TO ACTION

- High impact, long-term Commitments to Action will make a meaningful and quantifiable contribution to increase and support educational outcomes for Latinos cradle-to-career.

- **Commitment Requirements:**
  - Target the Hispanic community;
  - Focus on one or more of the critical areas identified;
  - Have a long-term impact;
  - Include objectives that can be measured and specified targets that you expect to achieve; and
  - Establish a new program or will expand on an existing program.
COMMITMENT FOR EARLY LEARNING

- **Why it Matters:** While Hispanics make up about one quarter of students in public schools, only 20% of Hispanic 3- to 5-year olds are enrolled in preschool.

- **Examples of Commitments:**
  - Strengthen language literacy, math and science instruction in preschool programs
  - Increase access and expand number of programs targeting Latino children
  - Raise awareness among parents and families about the need and value
Why it Matters: The number of Hispanic students enrolled in college jumped by more than 50% from 2008 to 2012, yet those who do are only half as likely as their peers to be prepared for college.

Examples of Commitments:

- Help students access financial aid and scholarships through FAFSA completion and financial aid advising
- Develop near-peer mentoring efforts encouraging college and high school student partnerships
- Work with local school districts and colleges to increase exposure and access to college
COMMITMENT FOR POSTSECONDARY COMPLETION

- **Why it Matters:** Latinos are graduating high school and enrolling in college at higher rates, becoming the largest minority group in our nation’s colleges and universities, yet only 22% of young Latino adults have an Associate’s degree or higher, 8.1% completed a Master’s degree, and 6.5% completed a PhD.

- **Examples of Commitments:**
  - Expand counseling and advising services and decrease remediation at the college level
  - Improve transfer efforts from a 2-year to a 4-year institution and career advising
COMMITMENT FOR STEM

- **Why it Matters:** Only 67% of Hispanic students have access to a full range of STEM courses in high school. Only 16% of Hispanics and 8.8% percent of Latinas completing their STEM Bachelor’s degree.

- **Examples of Commitments:**
  - Promote STEM careers through mentorships, internships and after school programming
  - Efforts to increase the STEM teacher workforce
  - Provide resources for STEM teachers
COMMITMENT FOR LATINO TEACHER RECRUITMENT

- Why it Matters: Nearly 1 out of 4 public school students are Hispanic, while Hispanic teachers represent only 7.8% of the teaching workforce and Hispanic male teachers only represent 2% of the teaching workforce.

- Examples of Commitments:
  - Work closely with school districts to improve teacher and principal preparation nation-wide
  - Develop, support, reward, and advance teachers and principals
  - Provide culturally relevant training and development
COMMITMENT EXAMPLE

- **El Monte Promise Foundation Scholar Savings Program**
  - Critical Area: College Access
  - Cross-Cutting: Family Engagement
  - A College Savings Program
  - Once every month and until completion of ninth grade, whenever parents make a deposit (in any amount) into the account, the El Monte Promise Foundation will set aside small savings scholarships in the name of their child.
  - The savings scholarships will accumulate over time and given to their child once he/she graduates from high school and enrolls in college.

Launched March 12, 2015.

More than $650K from public and private partners was committed.
COMMITMENT SUBMISSION

- Provide information using the questions in the Commitment to Action Submission Guidance, which is designed to help you describe the objectives, implementation strategy, timeline, and measures of success for your proposed Commitment.
