

UNITED STATES DEPARTMENT OF EDUCATION
OFFICE OF SPECIAL EDUCATION AND REHABILITATIVE SERVICES

June 22, 2021

Honorable Carlos R. Mellado López
Secretary
Puerto Rico Department of Health
P.O. Box 70184
San Juan, Puerto Rico 00936

Dear Secretary Mellado López:

I am writing to advise you of the U.S. Department of Education's (Department) 2021 determination under sections 616 and 642 of the Individuals with Disabilities Education Act (IDEA). The Department has determined that Puerto Rico needs assistance in meeting the requirements of Part C of the IDEA. This determination is based on the totality of Puerto Rico's data and information, including the Federal fiscal year (FFY) 2019 State Performance Plan/Annual Performance Report (SPP/APR), other State-reported data, and other publicly available information.

With the FFY 2019 SPP/APR submission, the Office of Special Education Programs (OSEP) requested that States and Entities report whether and how the data collection for any indicator was impacted by the COVID-19 pandemic. Specifically, OSEP requested that States and Entities include in the narrative for each impacted indicator: (1) the impact on data completeness, validity, and/or reliability for the indicator; (2) an explanation of how COVID-19 specifically impacted the State's or Entity's ability to collect and verify the data for the indicator; and (3) any steps the State or Entity took to mitigate the impact of COVID-19 on the data collection and verification. OSEP appreciates States' and Entities' level of transparency regarding the impact of COVID-19 on the data reported in the FFY 2019 SPP/APR. When making determination decisions for 2021, OSEP considered all information submitted that related to the impact of the COVID-19 pandemic. For 2021 determinations, no State or Entity received a determination of "Needs Intervention" due solely to data impacted by COVID-19.

Puerto Rico's 2021 determination is based on the data reflected in Puerto Rico's "2021 Part C Results-Driven Accountability Matrix" (RDA Matrix). The RDA Matrix is individualized for each State and consists of:

- (1) a Compliance Matrix that includes scoring on Compliance Indicators and other compliance factors;
- (2) Results Components and Appendices that include scoring on Results Elements;
- (3) a Compliance Score and a Results Score;

400 MARYLAND AVE. S.W., WASHINGTON DC 20202-2600

www.ed.gov

The Department of Education's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.

- (4) an RDA Percentage based on both the Compliance Score and the Results Score; and
- (5) Puerto Rico's Determination.

The RDA Matrix is further explained in a document, entitled "How the Department Made Determinations under Sections 616(d) and 642 of the Individuals with Disabilities Education Act in 2021: Part C" (HTDMD).

OSEP is continuing to use both results data and compliance data in making the Department's determinations in 2021, as it did for the Part C determinations in 2015-2020. (The specifics of the determination procedures and criteria are set forth in the HTDMD and reflected in the RDA Matrix for Puerto Rico.) For 2021, the Department's IDEA Part C determinations continue to include consideration of each State's Child Outcomes data, which measure how children who receive Part C services are improving functioning in three outcome areas that are critical to school readiness:

- positive social-emotional skills;
- acquisition and use of knowledge and skills (including early language/communication); and
- use of appropriate behaviors to meet their needs.

Specifically, the Department considered the data quality and the child performance levels in each State's Child Outcomes FFY 2019 data.

You may access the results of OSEP's review of Puerto Rico's SPP/APR and other relevant data by accessing the EMAPS SPP/APR reporting tool using your State-specific log-on information at <https://emaps.ed.gov/suite/>. When you access Puerto Rico's SPP/APR on the site, you will find, in Indicators 1 through 10, the OSEP Response to the indicator and any actions that Puerto Rico is required to take. The actions that Puerto Rico is required to take are in the "Required Actions" section of the indicator. It is important for you to review the Introduction to the SPP/APR, which may also include language in the "OSEP Response" and/or "Required Actions" sections.

You will also find all of the following important documents saved as attachments:

- (1) Puerto Rico's RDA Matrix;
- (2) the HTDMD document;
- (3) a spreadsheet entitled "2021 Data Rubric Part C," which shows how OSEP calculated the State's "Timely and Accurate State-Reported Data" score in the Compliance Matrix; and
- (4) a document entitled "Dispute Resolution 2019-2020," which includes the IDEA section 618 data that OSEP used to calculate the State's "Timely State Complaint Decisions" and "Timely Due Process Hearing Decisions" scores in the Compliance Matrix.

As noted above, Puerto Rico's 2021 determination is Needs Assistance. A State's 2021 RDA Determination is Needs Assistance if the RDA Percentage is at least 60% but less than 80%. A State would also be Needs Assistance if its RDA Determination percentage is 80% or above, but the Department has imposed Specific Conditions on the State's last three IDEA Part C grant awards (for FFYs 2018, 2019, and 2020), and those Specific Conditions are in effect at the time of the 2021 determination.

States were required to submit Phase III Year Five of the SSIP by April 1, 2021. OSEP appreciates the State’s ongoing work on its SSIP and its efforts to improve results for infants and toddlers with disabilities and their families. We have carefully reviewed and responded to your submission and will provide additional feedback in the upcoming weeks. Additionally, OSEP will continue to provide technical assistance to Puerto Rico as it implements the SSIP, which is due on February 1, 2022.

As a reminder, Puerto Rico must report annually to the public, by posting on the State lead agency’s website, on the performance of each early intervention service (EIS) program located in Puerto Rico on the targets in the SPP/APR as soon as practicable, but no later than 120 days after Puerto Rico’s submission of its FFY 2019 SPP/APR. In addition, Puerto Rico must:

- (1) review EIS program performance against targets in Puerto Rico’s SPP/APR;
- (2) determine if each EIS program “meets the requirements” of Part C, or “needs assistance,” “needs intervention,” or “needs substantial intervention” in implementing Part C of the IDEA;
- (3) take appropriate enforcement action; and
- (4) inform each EIS program of its determination.

Further, Puerto Rico must make its SPP/APR available to the public by posting it on the Puerto Rico lead agency’s website. Within the upcoming weeks, OSEP will be finalizing a State Profile that:

- (1) includes Puerto Rico’s determination letter and SPP/APR, OSEP attachments, and all State attachments that are accessible in accordance with Section 508 of the Rehabilitation Act of 1973; and
- (2) will be accessible to the public via the ed.gov website.

OSEP appreciates Puerto Rico’s efforts to improve results for infants and toddlers with disabilities and their families and looks forward to working with Puerto Rico over the next year as we continue our important work of improving the lives of children with disabilities and their families. Please contact your OSEP State Lead if you have any questions, would like to discuss this further, or want to request technical assistance.

Sincerely,

David Cantrell, PhD

Acting Director

Office of Special Education Programs

cc: State Part C Coordinator
