Elementary and Secondary Education Act (ESEA) requires states that receive Title I funding to participate in the state NAEP in reading and mathematics at grades 4 and 8 every two years. State NAEP does not provide individual scores for the students or schools assessed. Instead, NAEP provides results about subject-matter achievement, instructional experiences, and school environment, and reports these results for populations of students (e.g., fourth-graders) and subgroups of those populations (e.g., children with disabilities (IDEA)). (Data source: National Assessment of Educational Progress (NAEP), 2011).
