Key Dashboard Measures: Cheat Sheet

Measure	Universe/cohort	Total*
Institutions	Currently operating Title IV participating institutions	5,262 institutions
Locations	Main/branch campuses of currently operating Title IV participating institutions	6,910 main/branch campuses
HCM2	Currently operating Title IV participating institutions	56 out of 5,348 institutions
Degree and certificate seeking undergraduates	Fall-enrolled degree and certificate seeking undergraduates	About 15.8 million students
Title IV Federal student aid volume	Undergraduates & graduate students	About \$120 billion
Predominant degree & control	Currently operating Title IV participating institutions	2,074 four-year and above 3,188 less than four-year 1,845 public 1,678 private, nonprofit 1,739 for-profit
Percent Pell	Undergraduates	About 45 percent out of 15.8 million students received Pell
Percent borrowing	Undergraduates	About 51 percent out of 15.8 million students received loans
Graduation rate	First-time, full-time degree/certificate-seeking undergraduates entering during fall	About 48 percent out of 2.9 million students graduated within 150% of expected time to complete program
Completion+Transfer rate	All degree/certificate-seeking undergraduates entering the institution in the cohort year	About 67 percent out of 4.8 million students either completed or transferred to another institution within 8 years of entering the focus institution
Median earnings	Undergraduates receiving federal student aid, excludes zero earners and the still-enrolled	About 4.6 million students
Cohort default rate	Federal borrowers, undergraduates and graduates	About 11 percent out of 5.2 million borrowers defaulted
Median (cumulative) debt of completers	Federal borrowers, only undergraduate completers	About 3.2 million borrowers
Net price	First-time, full-time undergraduates, only federal student aid recipients	About 1.6 million students

NOTE: Size of universe/cohort is not comparable across dashboard measures because each measure is calculated for different years as well as number of single-year cohorts of students. [See README for more details on descriptions, measurement years, and sources.](#)

Dashboard Notes

Universe of institutions and accreditors

- Only includes institutions participating in Title IV federal financial aid programs with at least one branch currently operating according to the March 2018 release of College Scorecard
- Only includes primary institutional accretor relationships as of March 2018, according to PEPS
- Charts are left blank where we do not have data for an accretor

README

V.2.2.1 (May 2018)

Major Changes Since Version 2.1 (June 2017)

Data file

Improved accuracy of metrics for six-digit OPEIDs that consist of more than 1 IPEDS UNITID by **using the metric-specific denominators as the weight** in creating weighted averages (vs. using the undergraduate degree-seeking student count for all metrics)

Changed aggregation from UNITID to six-digit OPEID for the percent Pell and percent federal borrowers metrics to use the median share of Pell students (federal borrowers) across the campuses sharing a six-digit OPEID.

Scorecard changed its calculation of **percent of entering class that are first-time, full-time students** to be able to include more institutions; this file still pulls the data from Scorecard directly.

Institutions with no branches operating as of March 2, 2018 (based on the Scorecard currently operating flag CURROPER) were **excluded** from the calculations in this file. **All branches from institutions with at least one branch in operation** as of March 2, 2018 (based on the Scorecard currently operating flag CURROPER) were **included** in these calculations.

Updated College Scorecard data elements to use data published on technical site in March 2018

Added completion and transfer rate data 8 years after entering the institutions for all entering students (full- *and* part-time; first-time *and* transfer-in)

Updated FSA data-based metrics to use the most current data available as of May 2018

90/10 revenue percentages	2015-16 award year
Financial responsibility composite scores	2014-15 award year
Title IV volume (grants, loans, and campus-based)	2016-17 award year
Heightened Cash Monitoring (level 1 and 2)	December 1, 2017

Values that correspond to the break point in ranges given in the All Accreditors tab are now classified in the higher range.

Contents

This document (PDF) and accompanying data file contain the following information on accreditors:

All accreditors (in data file) - Contains statistics for each accreditor and all undergraduates nationally, used to validate dashboards

All institutions (in data file) - Institution level data with all elements, population web-based and PDF dashboards.

All institutions dashboard (in PDF) - Depicts select measures on student characteristics and outcomes at all Title IV participating institutions

Regional dashboard (in PDF) - Depicts select measures for all regionally accredited institutions

National dashboard (in PDF) - Depicts select measures for all nationally accredited institutions

Large institutions (in PDF) - List of institutions with at least \$200 million in Title IV federal student aid volume by accreditor and select measures

Accreditor dashboards (in PDF) - Depicts select measures for the institutions overseen by the accreditor for Title IV gatekeeping purposes (primary accreditor only)

31	MSI	Minority Serving Institutions that were grant-eligible in recent years (see technical notes below)	Fiscal Year 2017	College Scorecard (OPE): https://collegescorecard.ed.gov/data/
32	HBCU	Historically Black Colleges and Universities (see technical notes below)	Calendar Year 2017	College Scorecard (College Navigator): https://collegescorecard.ed.gov/data/
33	White undergraduates	Undergraduates who identify as white	Fall 2015	College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
34	Undergraduates of color	Undergraduates who identify as black or African American, Hispanic or Latino, Asian, Native Hawaiian or Other Pacific Islander, American Indian or Alaska Native, or more than one race	Fall 2015	College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
35	Other undergraduates	Undergraduates who identify as unknown or nonresident alien	Fall 2015	College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
36	Entering undergraduate students that are first-time, full-time	Share of entering undergraduate students who are first-time, full-time degree-/certificate-seeking undergraduate students, calculated using IPEDS Fall Enrollment counts (full-time, first-time degree-/certificate-seeking students divided by the sum of all first-time and transfer-in degree-/certificate-seeking students).	Fall 2015	College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
37	Completion and transfer rate	Share of all entering undergraduate students (including part-time and non-first-time students) that completed college or who subsequently enrolled at another institution within 8 years of entering the focus institution. Calculated using the IPEDS Outcome Measures component data.	Academic year 2016-17	College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/

Technical Notes

All elements

Data elements with blank values in the All Accreditors or All Institutions tabs indicate that there was no data for this metric in the source data for the institution or group of institutions. This missingness could be due to the element not applying to the institution (e.g., Net Price of attendance for full-time, first-time students at graduate-only institutions) or because of suppression (e.g., earnings data). Regarding suppression, data are included in these tabs when both the count of students supporting the metric and the metric itself are reported (not suppressed). Values of 0 in these tabs are reported or rounded 0's and do not represent missing data.

Universe of institutions and accreditors (exclusions)

- Includes institutions with at least one currently operating location participating in Title IV programs according to the **March 2018** release of College Scorecard. Because some metrics are calculated at the IPEDS reporting unit (UNITID) level and others are calculated at the institution (six-digit OPEID) level, when an institution met the criteria for inclusion, all associated locations included in the College Scorecard (regardless of their individual currently operating status) were included in these metrics to maintain consistency across metric sources. May not reflect recent changes in Title IV participation or location. Exclusions include: OPEID not in (" " "-2") and ACT in ("A" "N" "R") and OPEFLAG in (1 2) and (instcat>=0 or is PerfectChild=1). See College Scorecard documentation for more details.
- Only includes primary institutional accreditor relationships as of March 2018, according to PEPS. May not reflect recent updates to status in PEPS or other records of institutional accreditation.
- Excludes secondary accreditor relationships in PEPS, which are voluntarily reported by institutions.
- Excludes non-accredited institutions with small Title IV participating programs that are programmatically accredited by institutional accreditors (e.g., vocational programs offered by secondary schools).
- FSA only calculates financial responsibility composite scores for private nonprofit, and for-profit institutions.
- FSA only calculates 90/10 revenue percentage for for-profit institutions.

Aggregation from Unit ID to six-digit OPEID (IPEDS and other location-level source data)

- Institution name - Name of school as of **March 2018**, according to PEPS.
- Locations - Total number of all main/branch campuses listed in IPEDS that correspond to six-digit OPEID.
- Undergraduates - Total of all undergraduates attending main/branch campuses corresponding to six-digit OPEID.
- Predominant degree - Predominant degree awarded after aggregating awards across all main/branch campuses corresponding to six-digit OPEID.
- Control - For each six-digit OPEID, assumes all main/branch campuses have the same control. For the Scorecard data updated in **March 2018**, there was one six-digit OPEID grouping with mixed control. For this group, the control corresponding to the most undergraduate students was assigned to the six-digit OPEID.
- Only distance education - Equal to one if any campus associated with the six-digit OPEID includes only distance education programs.
- Predom. Black, ANNI, TRIBAL, AANAPII, Hispanic Serving Institution, NANTI, and HBCU- Indicates if at least one main/branch campus corresponding to the six-digit OPEID is designated as a minority serving institution in each of the categories.
- Pell/borrowers- Mean share of Pell students (federal borrowers), weighted by number of undergraduates in the fall enrollment cohort (for institutions that primarily follow an academic year calendar system) or the full-year enrollment cohort (for institutions that primarily follow a continuous enrollment or program-based calendar system). Please note that this number of undergraduates is not the same as the degree-seeking undergraduate students value provided in this file.
- Average net price - Mean average price, weighted by number students in IPEDS title IV financial aid cohort at each campus.
- Graduation rate - Mean graduation rate, weighted by number of student IPEDS adjusted fall first-time, full-time cohort at each campus.
- Percent of entering undergraduates that are first-time, full-time students - mean percentage, weighted by the number of entering undergraduate students at each campus. NOTE: proportion of undergraduates who are first-time, full-time is calculated from the IPEDS Fall Enrollment component. IPEDS calculates this measure as the quotient of the number of full-time, first-time students divided by the count of all entering undergraduates. These counts are a subset of the degree-seeking undergraduate students provided in this file.

Aggregation from Unit ID to six-digit OPEID (FSA and Treasury source data)

- Earnings - Mean (weighted) median and threshold earnings. Note for almost all institutions earnings are the same across all campuses corresponding to the same six-digit OPEID. Due to changes over time in the six-digit OPEID to UnitID crosswalk, there are a small number of institutions for which earnings are different across campuses. When this occurs, a weighted average of the differing earnings metrics is calculated using the count of students included in each metric as the weight. As a result, the calculated mean may not precisely measure the median or threshold earnings of the whole institution.
- FSA data variables - Assumes one-to-one correspondence between six-digit OPEID and database on FSA sources. For 90/10 percentage, may contain repeating values because it does not take into account "school groups" (e.g., corporate parent holding companies).

Linkage of source files

- Data file generated by using six-digit OPEID to link PEPS (accreditation info), Title IV volume reports (FSA Data Center), and College Scorecard data.
- Observations not matching with currently operating institutions on the College Scorecard were discarded.
- Linkages could be affected by changes in the structure and operating status of institutions over time.
- Six-digit OPEID generated by taking the second through sixth characters of the eight-digit OPEID. First digit ignored because it indicates third digit of branch campuses.

Aggregation from six-digit OPEID to accreditor and national figures

- Measures aggregated according to the accreditor corresponding to each six-digit OPEID.
- National totals and averages do not equal the totals and averages of accreditors because **84 institutions** on College Scorecard not currently institutionally accredited according to PEPS (see note on universe of institutions).
- For categorical variables (e.g., HCM1/2), counts, and total \$ amounts (e.g., control, # undergraduates, Title IV volume), data are summed across institutions. Excludes counts of missing values for each variable.
- For the share of Pell students (federal borrowers), the median of the institutional mean ratios is displayed.
- For other ratios and averages (e.g., \$ Pell and median earnings), the same weights are applied to IPEDS data as used for aggregation from Unit ID to six-digit OPEID (see technical notes above).
- For earnings, repayment, and default, data are weighted by the undergraduate cohorts corresponding to each measure.

Financial Responsibility Composite Score

A score greater than or equal to 1.5 indicates the institution is considered financially responsible. Schools with scores of less than 1.5 but greater than or equal to 1.0 are considered financially responsible, but require additional oversight. These schools are subject to cash monitoring and other participation requirements. A school with a score less than 1.0 is considered not financially responsible. However, a school with a score less than 1.0 may continue to participate in the Title IV programs under provisional certification. In addition, this lower score typically requires that the school be subject to cash monitoring requirements and post a letter of credit (equal to a minimum of 10 percent of the Title IV aid it received in the institution's most recent fiscal year).

90/10 Revenue Percentage

Section 487(d)(4) of the Higher Education Act of 1965 (HEA), as amended, requires the Secretary to annually submit a report to Congress containing information regarding the amount and percentage of each proprietary institution's revenues from Title IV sources and non-Title IV sources as provided by the institution in its audited financial statements. The reports are sent to the Chairmen and Ranking Members of the corresponding House and Senate authorizing committees. Below, you can access the 90/10 transmittal letters, summary charts and reports for institutions with fiscal years ending in the corresponding award year. This information relates to the requirement under the HEA that a for-profit institution of postsecondary education derive at least 10 percent of its revenue from non-Title IV sources (i.e., the 90/10 rule).
