Key Dashboard Measures: Cheat Sheet

Measure	Universe/cohort	Total*
Institutions	Currently operating Title IV participating institutions	5,136 institutions
Locations	Main/branch campuses of currently operating Title IV participating institutions	6,542 main/branch campuses
HCM2	Currently operating Title IV participating institutions	37 out of 5,136 institutions
Degree and certificate seeking undergraduates	Fall-enrolled degree and certificate seeking undergraduates	About 15.2 million students
Title IV Federal student aid volume	Undergraduates & graduate students	About \$117 billion
Predominant degree & control	Currently operating Title IV participating institutions	2,049 four-year and above 3,087 less than four-year 1,845 public 1,665 private, nonprofit 1,626 for-profit
Percent Pell	Undergraduates	About 42 percent out of 15.6 million students received Pell
Percent borrowing	Undergraduates	About 48 percent out of 15.6 million students received loans
Graduation rate	First-time, full-time degree/certificate-seeking undergraduates entering during fall	About 52 percent out of 2.6 million students graduated
Completion+Transfer rate	All degree/certificate-seeking undergraduates entering the institution in the cohort year	About 65 percent out of 8.7 million students either completed or transferred to another institution within 8 years of entering the focus institution
Threshold earnings	Undergraduates receiving federal student aid, excludes zero earners and the still-enrolled	About 3.1 million students
Cohort default rate	Federal borrowers, undergraduates and graduates	About 9 percent out of 4.5 million borrowers defaulted
Median (cumulative) debt of completers	Federal borrowers, only undergraduate completers	About 3.2 million borrowers
Net price	First-time, full-time undergraduates, only federal student aid recipients	About 1.5 million students

NOTE: Size of universe/cohort is not comparable across dashboard measures because each measure is calculated for different years as well as number of single-year cohorts of students. [See README for more details on descriptions, measurement years, and sources.](#)

Dashboard Notes

Universe of institutions and accreditors

- Only includes institutions participating in Title IV federal financial aid programs with at least one branch currently operating according to the January 2021 release of College Scorecard
- Only includes primary institutional accreditor relationships as of October 2018, according to PEPS

Data Sources

- Postsecondary Education Participants System (PEPS): <http://www2.ed.gov/offices/OSFAP/PEPS/dataextracts.html> (as of December 2020)
- College Scorecard: <https://collegescorecard.ed.gov/data/> (as posted on technical site in January 2021)
- FSA Data Center: <https://studentaid.ed.gov/sa/about/data-center/> (AY2019-20 [Title IV Grant and Loan Volume], AY2018-19 [Title IV Campus-Based Volume], AY2018-19 [90/10 Revenue Percentages], and AY2017-18 [Financial Aid Responsibility metrics])

Major Changes Since Version 2.2.2 (December 2019)

- Data file**
 - Institutions with no branches operating** as of December 22, 2020 (based on the Scorecard currently operating flag CURROPER) were **excluded** from the calculations in this file. **All branches from institutions with at least one branch in operation** as of December 22, 2020 (based on the Scorecard currently operating flag CURROPER) were **included** in these calculations.
 - Updated College Scorecard data elements** to use data published on technical site in January 2021
 - Added dollar-based repayment rates 4 years after entering repayment** for undergraduate student loans, graduate student loans, and Parent PLUS loans.
 - Added median cumulative loan debt** for Parent PLUS loans.
 - Threshold earnings metrics** have been restored.
 - Updated FSA data-based metrics** to use the most current data available as of May 2021
 - 90/10 revenue percentages 2018-19 award year
 - Financial responsibility composite scores 2017-18 award year
 - Title IV volume (grants and loans) 2019-20 award year
 - Title IV volume (campus-based) 2018-19 award year
 - Heightened Cash Monitoring (level 1 and 2) March 1, 2021
 - Break points in ranges** given in the All Accreditors tab are now calculated from the national quintiles.

Contents

- This document (PDF) and accompanying data file contain the following information on accreditors:
- All accreditors (in data file)** - Contains statistics for each accreditor and all undergraduates nationally, used to validate dashboards
 - All institutions (in data file)** - Institution level data with all elements, population web-based and PDF dashboards.
 - All institutions dashboard (in PDF)** - Depicts select measures on student characteristics and outcomes at all Title IV participating institutions
 - Large institutions (in PDF)** - List of institutions with at least \$200 million in Title IV federal student aid volume by accreditor and select measures
 - Primarily Certificate (in PDF)** - Depicts select measures for all primarily certificate-granting institutions
 - Primarily Associate's (in PDF)** - Depicts select measures for all primarily associate's degree-granting institutions
 - Primarily Bachelor's (in PDF)** - Depicts select measures for all primarily bachelor's degree-granting institutions
 - Primarily Bachelor's (in PDF)** - Depicts select measures for all graduate-only institutions
 - Accreditor dashboards (in PDF)** - Depicts select measures for the institutions overseen by the accreditor for Title IV gatekeeping purposes (primary accreditor only)

Technical Notes				
All elements	Data elements with blank values in the All Accreditors or All Institutions tabs indicate that there was no data for this metric in the source data for the institution or group of institutions. This missingness could be due to the element not applying to the institution (e.g., Net Price of attendance for full-time, first-time students at graduate-only institutions) or because of suppression (e.g., earnings data). Regarding suppression, data are included in these tabs when both the count of students supporting the metric and the metric itself are reported (not suppressed). Values of 0 in these tabs are reported or rounded 0's and do not represent missing data.			
Universe of institutions and accreditors (exclusions)	<ul style="list-style-type: none"> Includes institutions with at least one currently operating location participating in Title IV programs according to the January 2021 release of College Scorecard. Because some metrics are calculated at the IPEDS reporting unit (UNITID) level and others are calculated at the institution (six-digit OPEID) level, when an institution met the criteria for inclusion, all associated locations included in the College Scorecard (regardless of their individual currently operating status) were included in these metrics to maintain consistency across metric sources. May not reflect recent changes in Title IV participation or location. Included institutions met the following criteria: OPEID not in (""-2") and ACT in ("A" "N" "R") and OPEFLAG in (1 2) and (instcat>=0 or is PerfectChild=1). See College Scorecard documentation for more details. Only includes primary accreditor relationships as of December 2020, according to PEPS. May not reflect recent updates to status in PEPS or other records of institutional accreditation. Excludes secondary accreditor relationships in PEPS, which are voluntarily reported by institutions. FSA only calculates financial responsibility composite scores for private nonprofit, and for-profit institutions. FSA only calculates 90/10 revenue percentage for for-profit institutions. 			
Aggregation from Unit ID to six-digit OPEID (IPEDS and other location-level source data)	<ul style="list-style-type: none"> Institution name - Name of school as of December 2020, according to PEPS. Locations - Total number of all main/branch campuses listed in IPEDS that correspond to six-digit OPEID. Undergraduates - Total of all undergraduates attending main/branch campuses corresponding to six-digit OPEID. Predominant degree - Predominant degree awarded after aggregating awards across all main/branch campuses corresponding to six-digit OPEID. Control - For each six-digit OPEID, assumes all main/branch campuses have the same control. For the Scorecard data updated in January 2021, there was 1 six-digit OPEID groupings with mixed control. Only distance education - Equal to one if any campus associated with the six-digit OPEID includes only distance education programs. Predom. Black, ANNH, TRIBAL, AANAPII, Hispanic Serving Institution, NANTI, and HBCU- Indicates if at least one main/branch campus corresponding to the six-digit OPEID is designated as a minority serving institution in each of the categories. Pell/borrowers- Mean share of Pell students (federal borrowers), weighted by number of undergraduates in the fall enrollment cohort (for institutions that primarily follow an academic year calendar system) or the full-year enrollment cohort (for institutions that primarily follow a continuous enrollment or program-based calendar system). Please note that this number of undergraduates is not the same as the degree-seeking undergraduate students value provided in this file. Average net price - Mean average price, weighted by number students in IPEDS title IV financial aid cohort at each campus. Graduation rate - Mean graduation rate, weighted by number of student IPEDS adjusted fall first-time, full-time cohort at each campus. Percent of entering undergraduates that are first-time, full-time students - mean percentage, weighted by the number of entering undergraduate students at each campus. NOTE: proportion of undergraduates who are first-time, full-time is calculated from the IPEDS Fall Enrollment component. IPEDS calculates this measure as the quotient of the number of full-time, first-time students divided by the count of all entering undergraduates. These counts are a subset of the degree-seeking undergraduate students provided in this file. 			
Aggregation from Unit ID to six-digit OPEID (FSA and Treasury source data)	<ul style="list-style-type: none"> Earnings - Mean (weighted) median earnings. Note for almost all institutions earnings are the same across all campuses corresponding to the same six-digit OPEID. Due to changes over time in the six-digit OPEID to UnitID crosswalk, there are a small number of institutions for which earnings are different across campuses. When this occurs, a weighted average of the differing earnings metrics is calculated using the count of students included in each metric as the weight. As a result, the calculated mean may not precisely measure the median earnings of the whole institution. Similar methods apply to aggregation across credential levels. FSA data variables - Assumes one-to-one correspondence between six-digit OPEID and database on FSA sources. For 90/10 percentage, may contain repeating values because it does not take into account "school groups" (e.g., corporate parent holding companies). Median completer debt is aggregated across credential levels by weighted average, using the count of completers as the weight. 			

Linkage of source files	<ul style="list-style-type: none"> • Data file generated by using six-digit OPEID to link PEPS (accreditation info), Title IV volume reports (FSA Data Center), and College Scorecard data. • Observations not matching with currently operating institutions on the College Scorecard were discarded. • Linkages could be affected by changes in the structure and operating status of institutions over time. • Six-digit OPEID generated by taking the second through sixth characters of the eight-digit OPEID. First digit ignored because it indicates third digit of branch campuses.
Aggregation from six-digit OPEID to accreditor and national figures	<ul style="list-style-type: none"> • Measures aggregated according to the accreditor corresponding to each six-digit OPEID. • National totals and averages do not equal the totals and averages of accreditors because 2 institutions on College Scorecard do not currently have a valid value listed for the accreditor. • For categorical variables (e.g., HCM1/2), counts, and total \$ amounts (e.g., control, # undergraduates, Title IV volume), data are summed across institutions. Excludes counts of missing values for each variable. • For the share of Pell students (federal borrowers), the median of the institutional mean ratios is displayed. • For other ratios and averages (e.g., \$ Pell and median earnings), the same weights are applied to IPEDS data as used for aggregation from Unit ID to six-digit OPEID (see technical notes above). • For earnings, debt, and default, data are weighted by the cohorts corresponding to each measure.
Financial Responsibility Composite Score	<p>A score greater than or equal to 1.5 indicates the institution is considered financially responsible. Schools with scores of less than 1.5 but greater than or equal to 1.0 are considered financially responsible, but require additional oversight. These schools are subject to cash monitoring and other participation requirements. A school with a score less than 1.0 is considered not financially responsible. However, a school with a score less than 1.0 may continue to participate in the Title IV programs under provisional certification. In addition, this lower score typically requires that the school be subject to cash monitoring requirements and post a letter of credit (equal to a minimum of 10 percent of the Title IV aid it received in the institution's most recent fiscal year).</p>
90/10 Revenue Percentage	<p>Section 487(d)(4) of the Higher Education Act of 1965 (HEA), as amended, requires the Secretary to annually submit a report to Congress containing information regarding the amount and percentage of each proprietary institution's revenues from Title IV sources and non-Title IV sources as provided by the institution in its audited financial statements. The reports are sent to the Chairmen and Ranking Members of the corresponding House and Senate authorizing committees. Below, you can access the 90/10 transmittal letters, summary charts and reports for institutions with fiscal years ending in the corresponding award year. This information relates to the requirement under the HEA that a for-profit institution of postsecondary education derive at least 10 percent of its revenue from non-Title IV sources (i.e., the 90/10 rule).</p>
