</table>

**NOTE:** Size of universe/cohort is not comparable across dashboard measures because each measure is calculated for different years as well as number of single-year cohorts of students. See README for more details on descriptions, measurement years, and sources.
Dashboard Notes

Universe of institutions and accreditors
• Only includes institutions participating in Title IV federal financial aid programs with at least one branch currently operating according to the May 2022 release of College Scorecard
• Only includes primary institutional accreditor relationships as of March 2022, according to PEPS

Data Sources
• Postsecondary Education Participants System (PEPS): http://www2.ed.gov/offices/OSFAP/PEPS/dataextracts.html (as of March 2022)
• College Scorecard: https://collegescorecard.ed.gov/data/ (as posted on technical site in May 2022)
• FSA Data Center: https://studentaid.ed.gov/sa/about/data-center/ (AY2020-21 [Title IV Grant and Loan Volume], AY2019-20 [Title IV Campus-Based Volume], AY2019-20 [90/10 Revenue Percentages], and AY2018-19 [Financial Aid Responsibility metrics])
README

V.2.3.2 (July 2022)

Major Changes Since Version 2.3.1 (July 2021)

Data File

- Updated College Scorecard data elements to use data published on technical site in May 2022
- Switched dollar-based repayment rates from 4 years after entering repayment to 5 years after entering repayment for undergraduate student loans, graduate student loans, and Parent PLUS loans.
- Median earnings at the institution level have been restored
- Threshold earnings metrics have been removed
- Updated FSA data-based metrics to use the most current data available as of May 2022

Primary Data Sources

- Postsecondary Education Participants System (PEPS): [http://www2.ed.gov/offices/OSFAP/PEPS/dataextracts.html](http://www2.ed.gov/offices/OSFAP/PEPS/dataextracts.html)

</tbody>
</table>
| 16 | Borrowers Indicated number and share of undergraduate students who received federal loans (see technical notes below on cohort) | Academic Year 2019-20 | College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
| 17 | Median (cumulative) debt of completers Median cumulative debt among undergraduate students who have completed at the institution. | Fiscal Year 2019, 2020 (2-year pooled) | College Scorecard (FSA): https://collegescorecard.ed.gov/data/
| 18 | Median (cumulative) debt of completers by credential level Median cumulative debt among undergraduate students who have completed at the institution by degree level. | Award year 2018, 2019 (2-year pooled) | College Scorecard (FSA): https://collegescorecard.ed.gov/data/
| 19 | Borrowing intensity Intensity of undergraduate borrowing: percentage of undergraduate students borrowing multiplied by the median cumulative debt among undergraduate completers | Academic Year 2019-20/Fiscal Years 2019 and 2020 (hybrid academic year and fiscal year) | Derived based on College Scorecard: https://collegescorecard.ed.gov/data/
| 20 | Pell Undergraduate students who receive a Pell Grant (see technical notes below on cohort) | Academic Year 2019-20 | College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
| 21 | HCM1 Institutions placed under Heightened Cash Monitoring 1 | Updated December 2021 | FSA Data Center: https://studentaid.ed.gov/sa/about/data-center/school
| 22 | HCM2 Institutions placed under Heightened Cash Monitoring 2 | Updated December 2021 | College Scorecard (PEPS): https://collegescorecard.ed.gov/data/
| 23 | Financial Responsibility Composite Score The composite score reflects the overall relative financial health of institutions along a scale from negative 1.0 to positive 3.0 (see technical notes below) | Fiscal Years ending between July 2018 and June 2019 | FSA Data Center: https://studentaid.ed.gov/sa/about/data-center/school
| 24 | 90/10 Revenue Percentage Funding from Title IV sources (e.g., loans and grants) as a percentage of the institution’s total revenue. | Award Year 2019-20 | FSA Data Center: https://studentaid.ed.gov/sa/about/data-center/school
| 25 | Graduation rate 150% first-time full-time degree/certificate-seeking graduation rate. For example, bachelor's seeking students are typically considered to have graduated "on time" if they graduate within 6 years (4 years X 150%). | Academic Year 2020-21 | College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
| 28 | Average net price Average net price (both public and private institutions) among undergraduate students receiving Title IV grants or loans | Academic Year 2019-20 | College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
| 29 | Average net price (inc. $0 - $48K) Average net price (both public and private institutions) among undergraduate students receiving Title IV grants or loans and with family income between $0 and $48,000 | Academic Year 2019-20 | College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
| 30 | Median earnings of completers by credential level Median earnings of Title IV-aided completers working and not enrolled 1 year after enrollment (limited due to privacy suppression) | Calendar Years 2018, 2019 (2-year pooled) | College Scorecard (Treasury): https://collegescorecard.ed.gov/data/
| 31 | MSI Minority Serving Institutions that were grant-eligible in recent years (see technical notes below) | Fiscal Year 2021 | College Scorecard (OPE): https://collegescorecard.ed.gov/data/
| 32 | HBCU Historically Black Colleges and Universities (see technical notes below) | Academic Year 2020-21 | College Scorecard (College Navigator): https://collegescorecard.ed.gov/data/
| 33 | White undergraduates Undergraduates who identify as white | Fall 2020 | College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
| 34 | Undergraduates of color Undergraduates who identify as black or African American, Hispanic or Latino, Asian, Native Hawaiian or Other Pacific Islander, American Indian or Alaska Native, or more than one race | Fall 2020 | College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
| 35 | Other undergraduates Undergraduates who identify as unknown or nonresident alien | Fall 2020 | College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
| 36 | Entering undergraduate students that are first-time, full-time Share of entering undergraduate students who are first-time, full-time degree-/certificate-seeking undergraduate students, calculated using IPEDS Fall Enrollment counts (full-time, first-time degree-/certificate-seeking students divided by the sum of all first-time and transfer-in degree-/certificate-seeking students). | Fall 2020 | College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
| 37 | Completion and transfer rate Share of all entering undergraduate students (including part-time and non-first-time students) that completed college or who subsequently enrolled at another institution within 8 years of entering the focus institution. Calculated using the IPEDS Outcome Measures component data. | Academic year 2020-21 | College Scorecard (IPEDS): https://collegescorecard.ed.gov/data/
### Technical Notes

**All elements**

Data elements with blank values in the All Accreditors or All Institutions tabs indicate that there was no data for this metric in the source data for the institution or group of institutions. This missingness could be due to the element not applying to the institution (e.g., Net Price of attendance for full-time, first-time students at graduate-only institutions) or because of suppression (e.g., earnings data). Regarding suppression, data are included in these tabs when both the count of students supporting the metric and the metric itself are reported (not suppressed). Values of 0 in these tabs are reported or rounded 0's and do not represent missing data.

**Universe of institutions and accreditors (exclusions)**

- Includes institutions with at least one currently operating location participating in Title IV programs according to the January 2021 release of College Scorecard. Because some metrics are calculated at the IPEDS reporting unit (UNITID) level and others are calculated at the institution (six-digit OPEID) level, when an institution met the criteria for inclusion, all associated locations included in the College Scorecard (regardless of their individual currently operating status) were included in these metrics to maintain consistency across metric sources. May not reflect recent changes in Title IV participation or location. Included institutions met the following criteria: OPEID not in (1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12) and ACT in (1, 2, 3, 4). May not reflect recent updates to status in PEPS or other records of institutional accreditation.
- Excludes secondary accreditor relationships as of March 2022, according to PEPS. May not reflect recent updates to status in PEPS or other records of institutional accreditation.
- FSA only calculates financial responsibility composite scores for private nonprofit, and for-profit institutions.
- Excludes secondary accreditor relationships in PEPS, which are voluntarily reported by institutions.

**Aggregation from Unit ID to six-digit OPEID (IPEDS and other location-level source data)**

- Institution name - Name of school as of March 2022, according to PEPS.
- Locations - Total number of all main/branch campuses listed in IPEDS that correspond to six-digit OPEID.
- Undergraduates - Total of all undergraduates attending main/branch campuses corresponding to six-digit OPEID.
- Predominant degree - Predominant degree awarded after aggregating awards across all main/branch campuses corresponding to six-digit OPEID.
- Control - For each six-digit OPEID, assumes all main/branch campuses have the same control. For the Scorecard data updated in May 2022, there was 1 six-digit OPEID with mixed control.
- Only distance education - Equal to one if any campus associated with the six-digit OPEID includes only distance education programs.
- Predominant Black, ANNIHI, TRIBAL, AANAPII, Hispanic Serving Institution, NANTI, and HBCU - Indicates if at least one main/branch campus corresponding to the six-digit OPEID is designated as a minority serving institution in each of the categories. 
- Pell/borrowers - Mean share of Pell students (federal borrowers), weighted by number of undergraduates in the fall enrollment cohort (for institutions that primarily follow an academic calendar system) or the full-year enrollment cohort (for institutions that primarily follow a continuous enrollment or program-based calendar system). Please note that this number of undergraduates is not the same as the degree-seeking undergraduate students value provided in this file.
- Average net price - Mean average price, weighted by number students in IPEDS Title IV financial aid cohort at each campus.
- Graduation rate - Mean graduation rate, weighted by number of student IPEDS adjusted fall first-time, full-time cohort at each campus.
- Percent of entering undergraduates that are first-time, full-time students - mean percentage, weighted by the number of entering undergraduate students at each campus. NOTE: proportion of undergraduates who are first-time, full-time is calculated from the IPEDS Fall Enrollment component. IPEDS calculates this measure as the quotient of the number of full-time, first-time students divided by the count of all entering undergraduates. These counts are a subset of the degree-seeking undergraduate students provided in this file.

**Aggregation from Unit ID to six-digit OPEID (FSA and Treasury source data)**

- Earnings - Mean (weighted) median earnings. Note for almost all institutions earnings are the same across all campuses corresponding to the same six-digit OPEID. Due to changes over time in the six-digit OPEID to UnitID crosswalk, there are a small number of institutions for which earnings are different across campuses. When this occurs, a weighted average of the differing earnings metrics is calculated using the count of students included in each metric as the weight. As a result, the calculated mean may not precisely measure the median earnings of the whole institution. Similar methods apply to aggregation across credential levels.
- FSA data variables - Assumes one-to-one correspondence between six-digit OPEID and database on FSA sources. For 90/10 percentage, may contain repeating values because it does not take into account “school groups” (e.g., corporate parent holding companies). Median completer debt is aggregated across credential levels by weighted average, using the count of completers as the weight.

**Linkage of source files**

- Data file generated by using six-digit OPEID to link PEPS accreditation info, Title IV volume reports (FSA Data Center), and College Scorecard data.
- Observations not matching with currently operating institutions on the College Scorecard were discarded.
- Linkages could be affected by changes in the structure and operating status of institutions over time.
- Six-digit OPEID generated by taking the second through sixth characters of the eight-digit OPEID. First digit ignored because it indicates third digit of branch campuses.

**Aggregation from six-digit OPEID to accreditor and national figures**

- Measures aggregated according to the accreditor corresponding to each six-digit OPEID.
- National totals and averages do not equal the totals and averages of accreditors because 5 institutions on College Scorecard do not currently have a valid value listed for the accreditor.
- For categorical variables (e.g., HCM1/2), counts, and total $ amounts (e.g., control, # undergraduates, Title IV volume), data are summed across institutions. Excludes counts of missing values for each variable.
- For the share of Pell students (federal borrowers), the median of the institutional mean ratios is displayed.
- For other ratios and averages (e.g., $ Pell and median earnings), the same weights are applied to IPEDS data as used for aggregation from Unit ID to six-digit OPEID (see technical notes above).
- For earnings, debt, and default, data are weighted by the cohorts corresponding to each measure.

### Financial Responsibility Composite Score

A score greater than or equal to 1.5 indicates the institution is considered financially responsible. Schools with scores of less than 1.5 but greater than or equal to 1.0 are considered financially responsible, but require additional oversight. These schools are subject to cash monitoring and other participation requirements. A school with a score less than 1.0 is considered not financially responsible. However, a school with a score less than 1.0 may continue to participate in the Title IV programs under provisional certification. In addition, this lower score typically requires that the school be subject to cash monitoring requirements and post a letter of credit (equal to a minimum of 10 percent of the Title IV aid it received in the institution's most recent fiscal year).

### 90/10 Revenue Percentage

Section 487(d)(4) of the Higher Education Act of 1965 (HEA), as amended, requires the Secretary to annually submit a report to Congress containing information regarding the amount and percentage of each proprietary institution’s revenues from Title IV sources and non-TITLE IV sources as provided by the institution in its audited financial statements. The reports are sent to the Chairmen and Ranking Members of the corresponding House and Senate authorizing committees. Below, you can access the 90/10 transmittal letters, summary charts and reports for institutions with fiscal years ending in the corresponding award year. This information relates to the requirement under the HEA that a for-profit institution of postsecondary education derive at least 10 percent of its revenue from non-TITLE IV sources (i.e., the 90/10 rule).

**Western Association of Schools and Colleges Senior Colleges and University Commission**

**Technical Notes (see README for more details)**

Key:
- # undergraduates: blue = more undergraduates
- % receiving Pell: black = more Pell students
- % borrowing: black = more borrowers
- Default rate: red = greater than 10%
- Graduation rate: red = less than 50%

Predominant award
* Predominant award conferred after aggregating awards across all main/branch campuses corresponding to six-digit OPEID.

"Graduate" indicates that all main/branch campuses are graduate only.

**Note**: The data presented is a snapshot of various metrics for institutions, including graduation rates, loan performance, and earnings data, categorized by type of institution and other relevant factors. Each category includes specific metrics such as percentage of students who received federal loans, median debt of completers, and average net price, among others. The data is presented in a bar chart format with horizontal bar cut points based on national quintiles.
