

PATHWAYS

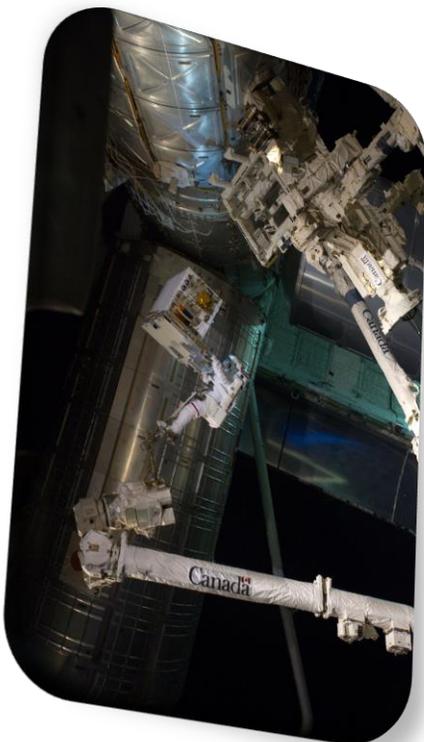

Internship Employment Program (IEP) for current students

TECHNICIAN INTERN POSITIONS COMING SOON

NASA Goddard Space Flight Center (GSFC) will accept applications for **TECHNICIAN INTERN** positions between **April 20, 2015** and **April 27, 2015** as part of the Pathways IEP.

NASA Technicians are the people who build the instruments and satellites to study Earth, the solar system, and beyond for the benefit of all.

On **April 20, 2015**, please search for vacancy announcement number **GS1510006** on <http://nasajobs.nasa.gov/> to apply. If you have any questions, contact NASA Goddard's Pathways Office at GSFC-Pathways-Office@mail.nasa.gov.

NASA GSFC is embarking on great missions and seeking fresh ideas! Don't miss out on the possibility of becoming a part of the NASA team and developing job skills that could take you farther than you have ever imagined. NASA is recognized as one of the best places to work in the Federal government.

The **Pathways IEP** provides paid opportunities for students to explore Federal careers while still in school. We offer part time or full time work for students attending school on at least a half time basis (*following your school's definition*).

U.S. Citizenship is required. If you are not a U.S. Citizen, please visit <https://nasajobs.nasa.gov/jobs/noncitizens.htm>

NASA GSFC is looking for students enrolled in **Certificate Programs** and **Associate's Degree** programs in Engineering Technology, Electronics Technology, CAD/Drafting, Welding, Machining, Engineering, Mathematics, Physics, Science and Mathematics, and Electrical Engineering.

Students **must** meet the following program requirements to be eligible for consideration:

- Be currently enrolled (or accepted for enrollment) at an accredited educational institution on at least a half time basis (following your school's definition).
- Have and maintain at least a 2.9 GPA on a 4.0 scale.

Register for one of our **webinars** on **April 13, 2015** and **April 14, 2015** from 3:30 to 5:00 to learn about the Pathways IEP and this opportunity.

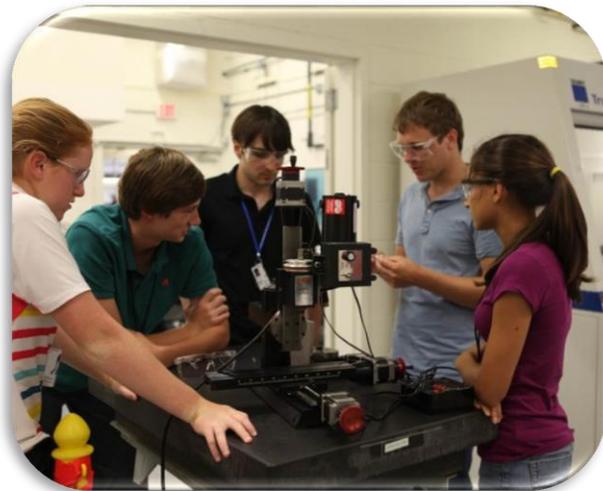

Masking a component surface

Creating a 3d model using laser scanning technology

Group project work

Performing final inspection on an electrical card
